

Atradius Atrium: **An innovative e-tool for effective credit control and safe growth.**

Gerasimos Tzeis

Managing Director, Atradius Crédito y Caución S.A. / Hellenic branch

“The world’s most valuable resource is no longer oil, but data”

(The Economist May 6th 2017)

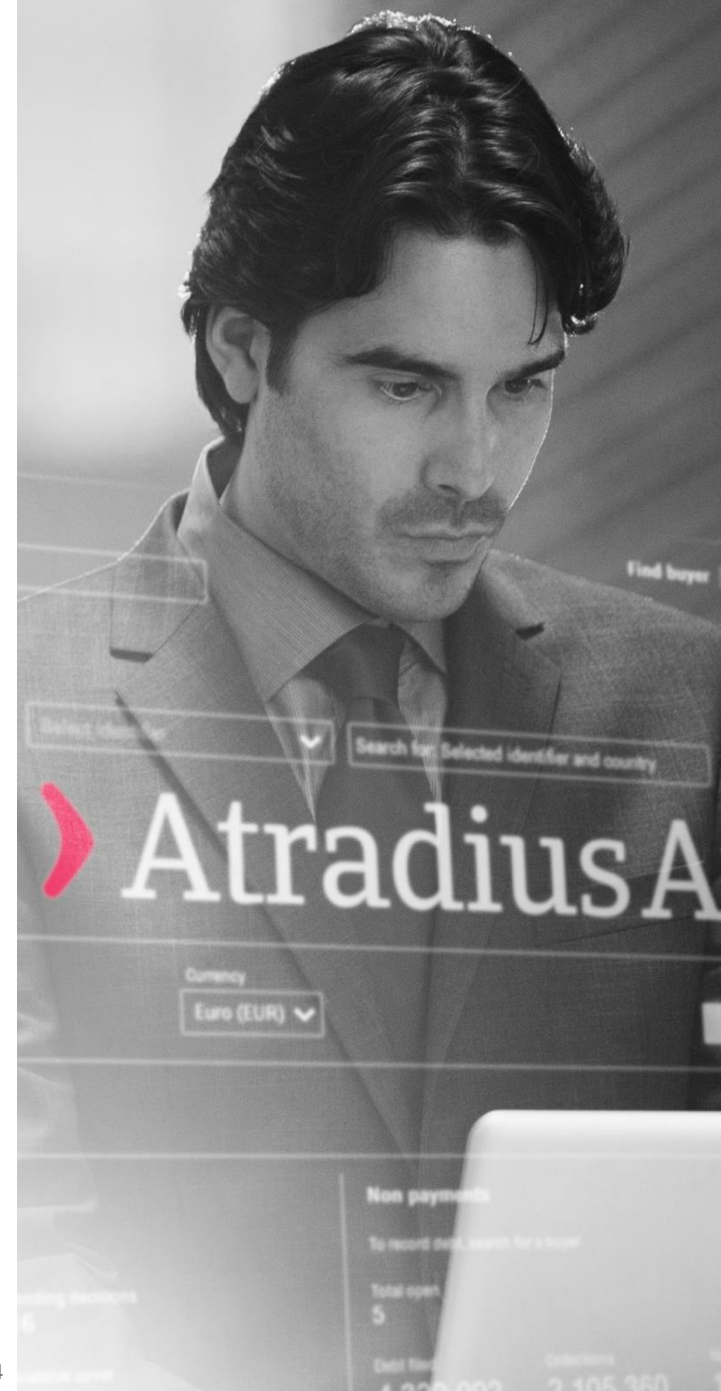

Customer-centric platform

Simple, transparent and relevant

Atradius Atrium | Grow safely

- Find and create customer records
- Apply for, monitor and maintain credit limits
- Access key information on your customers
- Receive credit limits online and “real time”
- Log in wherever you are, using a desktop or any mobile device

Grow safely in just a few clicks...!

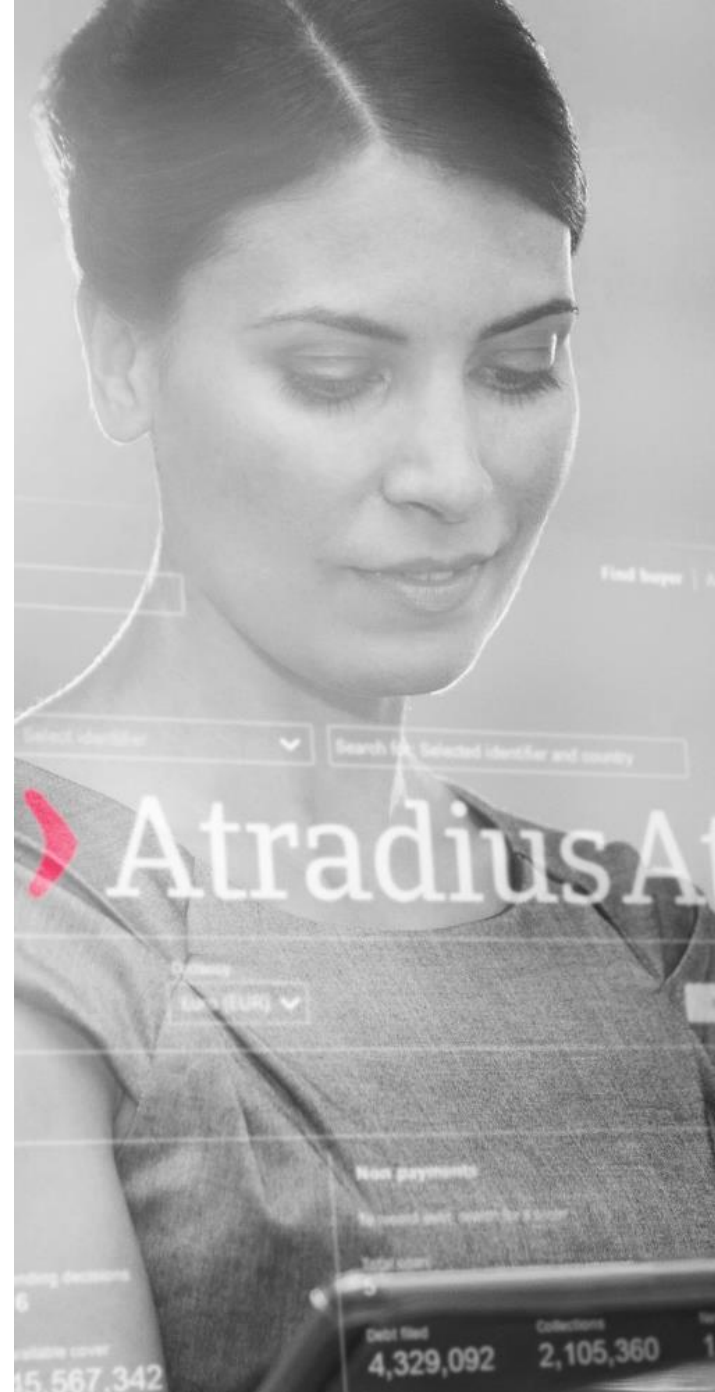

Atradius Atrium | Protection of liquidity and prophylaxis

- Register non-payments and claims
- Track and monitor the debt collections and recovery status
- Know exactly when you are going to receive the indemnification
- Share these info with the relevant stakeholders (Banks / Factoring Houses / Funds)

Protect your liquidity...!

- Stay up-to-date with alerts

Enjoy prophylaxis!

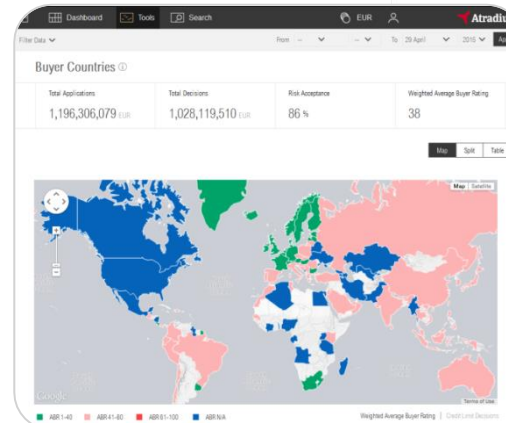

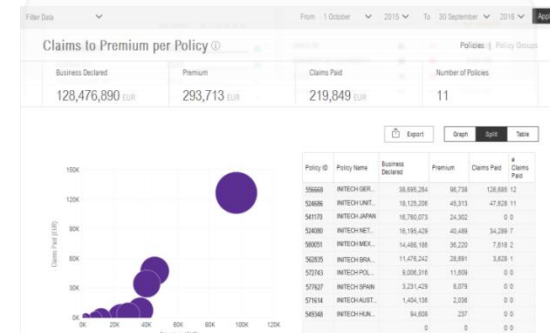

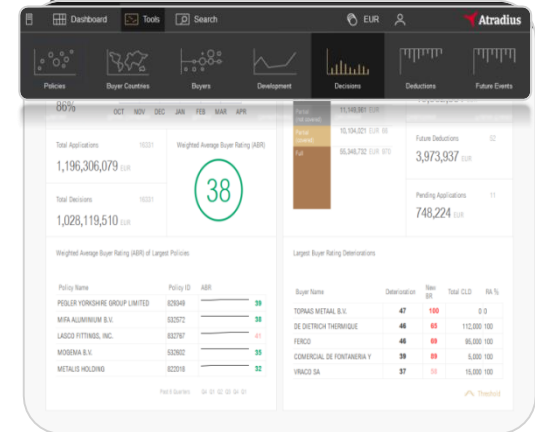

Atradius Insights
